High Oleic

Days to Maturity

95-105

Product Description

Good yield potential. Uniform hybrid with turned down heads. Extremely high oleic content with low saturate levels.

9=Excellent, 1=Poor.

Numbers are given only as a guide. All ratings are subject to cultural practices and environmental conditions. Ratings and descriptions are based on research and field observations collected by Triumph Seed from multiple locations over multiple years. They represent comparisons with other Triumph products only.
